MANY CHANGES.

JUDGE LAWRENCE ANDERSON SAID TO NOW BE A REPUBLICAN.

Saturday's Brookport Eagle says: The political situation in Kentucky is becoming very interesting to an outsider and the next election will probably show many changes in party rulers. Many prominent Democrats, dissatisfied with the Beckham administration and disgusted with the corruption and dishonesty which prevails in the methods of machine rule, have openly avowed their dissatisfaction and in some instances allied themselves to the Republican party. Ex-Judge Lawrence Anderson, of Graves county who for years has been a recognized power in the Democratic party is among the better known of those who have withdrawn their support from the party of fraud and corruption and allied themselves with the Republican party. Judge Anderson recently came to Paducah from Frankfort. He is a broad-minded, honest, fair-dealing man and the Republican party welcomes him and all others who are weary of boss rule and corruption.

STILL RETICENT

WILL McKELLAR WILL SOON BE TAKEN TO BALLARD.

Will McKellar, who is charged with killing Robert Berry at Bandana last week, and who is now the county jail here for safe keeping, will be returned to Wickliffe Wednesday and Thursday will be tried. He still refuses to talk of his crime.

Sensational Developments in Hardin County, Ky.

A Printer Confesses He Did Most of the Work Himself at Night Time.

COL. R. T. JACOB IS DEAD

THE OFFENDER FOUND.

Elizabethtown, Ky., Sept. 1—The Hardin county grand jury will be called upon to investigate the sensational attempts to destroy the newspaper plant of the Beacon, a weekly newspaper of West Point, and the authorship of anonymous letters threatening Dr. Ben Morrison, editor of the paper.

S. D. Dempsey, a printer employed on the paper, and whose life it had been thought was threatened by unknown offenders, has been arrested and in his confession admitted he himself threw stones through windows, piling type and destroying forms, and that he sent anonymous letters, one to himself and one to Dr. Morrison. He has implicated H. A. Clark, a promoter who is making an effort to establish a canning factory at West Point. Dempsey claims that Clark decided to get revenge for an editorial said to have been written by Dr. Morrison opposing Clark's plan to establish the canning factory.

WELL KNOWN MAN DEAD.

Louisville, Ky., Sept. 14—Colonel R. T. Jacob, a picturesque figure during the civil war, died at his home in this city yesterday. Colonel Jacob was 78 years of age and was widely known as the man who prevented Kentucky from seceding and also as the captor of General John Morgan.

Colonel Jacob's career began with a trip across the plains in 1845. He crossed in time to join Fremont's command for service during the Mexican war. Returning to Kentucky, he was elected to the legislature and Colonel Jacob created surprise by refusing to vote with the Breckinridge party, his vote giving a plurality of one for the Unionists against secession. When active hostilities opened Colonel Jacob organized the Ninth Kentucky Union cavalry.

MURDER AT ROSINE.

Beaver Dam, Ky., Sept. 14—A desperate fight took place at Rosine, this county, yesterday in which knives and pistols played prominent parts. There was a general mixup and Bud Clark's jugular vein was severed by a stab in the throat and he died in a few minutes. He walked about a hundred yards before he dropped, and died without speaking. Harrison Beach was also stabbed but not fatally. Nobody knows who did the cutting, but Ben Burgess has been arrested and is in jail.

WENT ON A STRIKE.

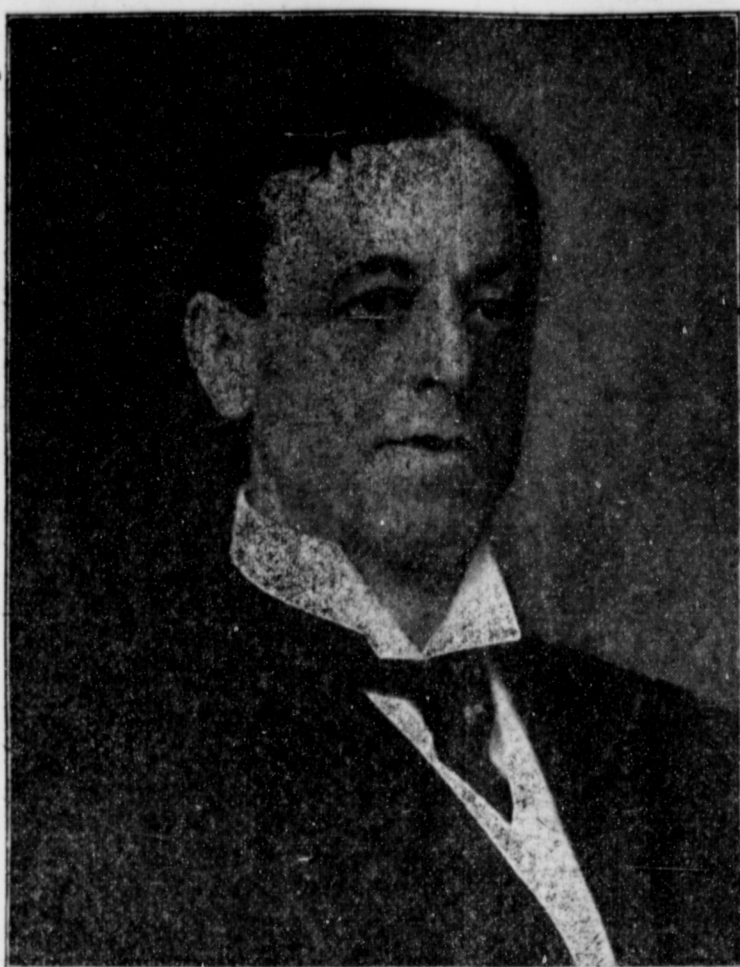

Louisville, Sept. 14—Thirty molders and packers in the press rooms of the Harry Weissinger tobacco works, a branch of the Continental company, quit work and walked out this morning because they objected to working under Mr. Cooke, an assistant foreman who was put in the press room last Friday.

NEARLY A HUNDRED

"UNCLE ARCHIE" WELL KNOWN COLORED MAN DIES.

"Uncle" Archie Culbert, colored, one of the oldest residents of the city, died today at noon of general debility. "Uncle Archie" was admitted to the hospital on several occasions but managed to recover and get about again. He was admitted the last time on the morning of the 8th in a serious condition and rapidly grew worse until he expired today at noon. It is said he drew a pension and no funeral arrangements have yet been made. He was about 97 years of age, as near as he could remember, and leaves many relatives.

Rev. George O. Bachman went to Nashville, Tenn., this morning. He will return tomorrow.

Col. Morris K. Belknap, Republican nominee for Governor, who formally opened his campaign at Mumfordsville, Ky., Saturday.

A LATE CONVENTION OPENING OF SCHOOL

Is Probable for the Republicans in Paducah.

It May Not Be Held Until After the Registration Next Month.

MUCH INTEREST MANIFESTED.

The Republicans of Paducah may not hold their convention to nominate candidates for municipal office until late. It is possible that the nominations will not be made until after the registration, but is not yet settled. There is a great deal of interest in the matter, almost as much among Democrats as Republicans. It seems to be generally believed by Republicans and by many Democrats, that the Republican ticket will easily win. If the Republicans nominate men who suit the anti-Yeiser element, they will support it. If they don't the anti-Yeiser, or good government and Potter element, will probably put out an independent ticket, which will help the Republicans almost as much, as the greater part, if not all, of this element comes from the Democratic party.

The Republicans will also, from indications, have out a candidate for commonwealth's attorney in the district, as it seems easy to beat the two opposing candidates the Democrats have out, one from McCracken county and the other from Marshall county. Attorneys E. W. Bagby and Sam Houston, of Paducah, are mentioned for the nomination, either of whom would make a good race.

The Enrollment Promises Big Increase.

Will Probably Be 200 or More Larger Than Last Year's Opening.

TWO TEACHERS ARE SICK

The Paducah public schools opened this morning at 8:30 o'clock for the regular terms and from indications the enrollment will be three hundred larger than last year.

Superintendent Hatfield's office has been crowded all the day with children seeking entry cards and at press time he had issued over three hundred and was still busy at work writing out cards.

These cards go to pupils who are new comers and also to those who dropped out of school before the close in June. Superintendent Hatfield thinks that the enrollment will exceed that of last year by at least 200. The enrollment last year at the close was 3,200. There are two teachers out, Mrs. Lou Singleton, who was injured in a runaway Saturday evening, and Miss Lizzie Mohan, who is ill and unable to be on duty. Mrs. Singleton's grade, the third at the Longfellow, is being filled by Miss Cathy Thomas, the regular grammar grade substitute, and Miss Mohan's room, the first at the Jefferson building, is being managed by Miss Cynthia Ewell.

A DESTRUCTIVE GALE SABBATH SERVICES

Florida Swept by a Terrible Hurricane.

Several Are Reported Killed and the Property Loss Will Be Enormous—Wires All Down.

A BRITISH TRANSPORT LOST

Jacksonville, Fla., Sept. 14—Beginning Friday morning on the east coast, and Saturday morning on the west, and lasting 24 hours, West Florida has been swept by the strongest cyclone ever known in that part of the state. The wires went down at the beginning and railroad service was delayed. On that account no details reached here until yesterday.

At Miami the wind attained a velocity of 65 miles an hour. The car shed of the East Coast railroad was lifted from its foundation, clear of the cars that were under it, and demolished. Several small boats were sunk in the bay. Passengers on the East Coast train, which arrived tonight, report many wrecks along the shore between Miami and Hobbes Sound. Among them is one four-masted and one three-masted schooners, and several smaller vessels. None of their names is known. Standard Oil company's steamer with two barges is on the beach near Boynton. The crew of 15 men was saved. Bodies of two unknown white men drifted on the beach near Boynton.

The storm did not extend as far south as it did west, and did no damage as far north as St. Augustine.

Taking a day in crossing the peninsula, the storm struck Tampa Saturday morning. The roofing of the Almeria and Desoto hotel were blown off. Several cigar factories were badly damaged at Ybor City, and several buildings were unroofed. In Tampa the Hampton block was unroofed and six small buildings were blown down. The streets are a tangle of wires. Street car lines made no efforts to run cars. The wires leading from Tampa in all directions are down and the city is in total darkness.

Today all wires are down below Jacksonville and the full extent of the hurricane is not yet known. It is feared the property loss will be enormous. At least seven persons perished.

A REGIMENT DROWNED.

London, Sept. 14—There is a report that a transport carrying a British regiment to India foundered in a gale which swept the British coast last Thursday.

HABEAS CORPUS

Paducah Attorney to go to Mayfield Tomorrow.

Mrs. Lucy Cochran Asks the Possession of Her Child, Frank.

Attorney J. S. Ross, of the firm of Puryear and Ross, will go to Mayfield tomorrow to appear for the plaintiff in a habeas corpus proceedings for the possession of a child.

The writ was taken out by Mrs. Lucy Cochran, of the city, against her husband John Cochran, whom she alleges is holding the child unlawfully. She filed with her petition an affidavit from Pulaski county, Ark., certifying that she had been given the custody of the child, Frank Cochran, in a decree of divorce rendered June 13, 1903, in Pulaski county. She alleges that the husband took the child away with him and has since refused to let her have him and has by force caused the child to remain with him.

The petition was filed in this court but the return was made to the county judge at Mayfield, Graves county, where the child is being kept.

Miss Bessie Leech who has been visiting in Danville, Ky., will return home today or tomorrow.

Good Congregations Attended Many Churches Yesterday

No Business of Importance at Meeting of the Ministerial Association Today.

NEWS OF THE CONGREGATIONS

The congregation of the Broadway Methodist church agreed Sunday morning to make the first payment on the church debt of which \$21,000 had been raised in subscriptions, and to make arrangements to at once put a pipe organ in the church. It was the original intention to have the entire amount of the debt and organ fund, \$30,000 provided for before the pledges became due, but the congregation has so much confidence in securing the remainder of the amount needed, that it was decided to make the first payment on the five year subscriptions, without further delay.

The following resolutions were adopted.

Affirming our confidence in the abiding purpose of all our people to pay promptly every dollar of the obligation upon the church; and believing that the uncommitted resources of the church are abundant to meet all the indebtedness unprovided for.

Resolved, 1st. That we request our pastor to continue vigorously the canvass for subscription for the debt and organ of the church.

Resolved, 2. That we request him to have put into permanent form all the subscriptions and to collect the first installment due.

Resolved 3d. That he be requested to appoint a committee of five, which shall learn the value and terms of purchase of a suitable pipe organ for this church and report the same to the official board of this congregation. Who are here by requested as soon as possible to make the purchase and have the organ placed in the church.

A JOINT MEETING

OF KENTUCKY, OHIO AND WEST VIRGINIA BANKERS PROPOSED.

E. W. Hays, cashier of the Bank of Kentucky, has decided to present to the bankers' convention at Hopkinsville this week a matter relating to the next annual meeting. Mr. Hays has a plan for a joint meeting of the Kentucky, Ohio and West Virginia bankers for one day after each has completed the regular state session. He suggests that the Kentucky bankers meet at Ashland, the Ohio bankers at Ironton and the West Virginia bankers at Huntington. These points are within fifteen miles of each other and the joint session could easily be held.

JEWISH HOLIDAYS

THE SEASON FAST APPROACHES FOR ANNUAL COMMEMORATIONS.

Preparations are being made by the Jewish people for the celebration of the Hebrew New Year, and the season of fasts and feasts with which that notable holiday is surrounded. Yom Kippur, the great feast day of the Jewish year, falls on October 1, the holidays beginning on September 22, the first of the two days of the Rosh Hoshanah, which ushers in the Jewish year.

Yom Kippur will mark the beginning of the Jewish year 5664.

CROUP.

Usually begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, the child will cry for it, and at the first sign of a croupy cough, apply frequently Ballard's Snow Liment externally to the throat. 50c at DuBois, Kolb and Co.

DIED IN MANILA

A RELATIVE OF COL. R. G. CALDWELL DIES FAR FROM HOME.

Information has just reached here of the death of Lieut. Robert A. Caldwell, of Louisville, in Manila August 17. He was a connection of Col. R. G. Caldwell and Dr. Delia Caldwell, of this city. He was an unusually bright young college graduate, and had served in the Philippines about one year.

DEVoured BY WORMS.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition, their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. 25c at DuBois, Kolb and Co.

A pretty contest was witnessed yesterday at Wallace park when the Indians took their third game from Hopkinsville in an exciting contest. They played fast ball, and the Hoppers succeeded in getting but one man across the rubber. It was a postponed game and counts in the percentage. Hudson pitched for Paducah and allowed but four hits, while Myatt was rapped for ten.

Features of the game were the fielding of Long and Mullen and the good work of Girard at Third. Potts was back on second, and Ray played at short stop, Meredith playing in center. It is generally acknowledged that if Paducah had had O'Conney Best to manage it early in the season, we would now be fighting somebody for the pennant. The only error credited to Paducah was a hot one which skinned past Ray, and which was an excusable error, especially as Ray was playing in a new position. The summary is:

BASEBALL NOTES.

Doyle and Hudson have been signed for next season, it is said.

Potts, Benke and Girard made home runs at Hoptown Friday afternoon. Benke has developed into one of the hardest hitters we have.

Paducah beat Hopkinsville two successive days by the same score, 10 to 3. Jackson took two games from Henderson by the same score, 4 to 1. These are unusual coincidences.

Clifford, Hudson and Witt were left here to keep in shape as only three pitchers are needed for the Clarksville

THE Y. M. C. A. SCHOOL

Educational System Will Start This Evening.

A Great Deal Is Accomplished By This Department of the Association.

The Paducah Young Men's Christian association has this fall in Paducah put its night school work on a level with the standards that prevail in the best associations of the country and the indications are for a successful year's work.

This evening the classes in shorthand, typewriting and bookkeeping open in room 2 at the association building. These classes will be in charge of Miss E. T. Mattingly who is well known on account of her work here last year. The classes in mechanical, freehand and architectural drawing, arithmetic, penmanship, telegraphy, business English will open on September 28, which is two weeks from today.

The educational committee of the association which is headed by Mr. H. S. Wells, has made careful preparations for maintaining a high standard for this winter.

Few people outside those immediately interested realize the growth and extent of the educational work carried on by the Young Men's Christian association, in the United States.

Standard courses in 50 subjects are offered and are adapted to the needs of men who work during the day. Thirty one thousand men were enrolled in these subjects last year and in hundreds of instances better wages and positions were secured by the men as a result of their night school work.

series. Best, Wilson and Doyle going with the team to do the box work.

Edmunds has caught 21 straight games with but few errors. He has several excellent offers from southern league teams. He is the surest hitter on the team and one of the best all round men in the league.

The game pitched by Rube Gardner at Henderson yesterday is said to have been one of the best of the season, the well known south paw shutting out Cairo's sluggers. Gardner may pitch for Paducah in the Cairo championship series.

Girard is all right at third. He gets 'em and when he does he shoots them to first like they go out of a cannon. He handles the willow well and Paducah might be higher in the percentage column if she had put him at third earlier in the season.

The Paducah team will probably be strengthened very little for the Cairo series. The local association thinks the Indians can beat all comers as they are. It is possible, however, that Cole, the Jackson pitcher, will be secured to help out in the series.

Dummy Hughes, of the Cairo team, has probably won more games than any other individual member of the K. I. T. league. Several times when the score was a tie he has lined out a home run during the season, and that is what he did at Clarksville Saturday.

Hopkinsville New Era: The Paducah team has been wonderfully improved since its last appearance here, and had the change only come a little earlier in the season they would now be giving Cairo and Clarksville a run for first place. Meredith, their new catcher, is always in the game both with his playing and with his encouraging words to his own players and guys to the opposing team.

The Paducah team left last night at 8:20 via Hopkinsville for Clarksville to play a series of three games, after which the league schedule will be closed. This will not close the ball season here, however, as eight exhibition games will be played, four here and four at Cairo, beginning with a game here on Thursday. Fom Clifford will catch the first game of this series and Witt will probably pitch it.

There were several amateur games in the city yesterday. The Shamrocks and Fourth Streets played at Wallace park in the early morning and the latter was victorious by a score of 3 to 0. The L. A. L. team then followed with a game with the Jersey Grays and defeated the latter by a score of 11 to 0. The I. C. freight office employees and the transportation department employees played a match game and the score resulted in a victory for the latter by a score of 20 to 10. The feature was the pitching of Moss who struck out about 15 men for the victorious team.

CHANGES TIPPED

Mr. J. M. Russell May be Promoted to Superintendent.

Reported Changes in the Running of the Illinois Central Fast Trains.

SOME OTHER RAILROAD NEWS

There is a rumor afloat in railroad circles to the effect that Superintendent A. Philbrick, of the Louisville division of the I. C., will be transferred to the Tennessee division and that he will be succeeded by Roadmaster J. M. Russell, of the Louisville division, as superintendent. The rumor also tips that Supervisor W. C. Waggener of the Louisville division will be made roadmaster. There has been a great deal of talk relative to Mr. Philbrick being transferred and this is said to be a straight tip.

Since the I. C. has completed its new road from Paducah to Cairo, there are liable to be many changes in its system in this section. This new road will soon be one of its important branches, says the Mayfield Messenger.

It is now the connecting link in its fast trains from Louisville to St. Louis and Chicago. As soon as this road can get into Nashville fast trains from that city will run over its lines via Hopkinsville and Princeton to St. Louis via of St. Louis which will be 31 miles shorter than any other route. The "Dixie Flyer" will in less than forty days be changed at Cairo over the Cairo and Paducah road via Paducah where it will be turned over to the N. C. and St. L. instead of at Martin.

This will shorten its time from St. Louis to Nashville from what it is at present and give this popular train to the N. C. and St. L. sooner than at present at Martin.

The Illinois Central is manifesting an active interest in the development of truck farming along its line between Memphis and Fulton and is pledged to favor the people engaged in such business to the legitimate extent of its ability.

Assistant General Freight Agent W. L. Smith attended at Covington the farmers' institute and spoke on "truck farming and freight rates." He assures them of the hearty co-operation of the Illinois Central railroad in their laudable progress along the line of truck or light farming, and that the great system he represents will give them the benefit of reasonable freight rates to the large markets, where early vegetables and fruits are ready and profitable sales.

Mr. E. R. Pierce, assistant yardmaster for the local I. C., has been made chief clerk to Yardmaster R. S. Barrick to succeed Mr. Clarence Graves who resigned recently. Mr. E. F. Cody, of the L. and N., of Louisville, was given the position but could not remain on account of poor health.

Notice has been posted on this division of the I. C. to the effect that the regular parlor car service between Cincinnati and New Orleans will be discontinued, effective yesterday, on trains Nos. 101 and 102 but that the service will be run south as far as Fulton, on these two trains.

Master Mechanic T. F. Barton returned from Chicago this morning with his family. Mrs. Barton and children had been in Canada for the summer on a pleasure trip.

Mr. Allan Bowden, stenographer for Master Mechanic Barton, has recovered after a brief illness and is again on duty. His many friends will be pleased to learn of his recovery.

Mr. R. Knowles, superintendent of water supply of the Louisville division of the I. C., has returned from Louisville where he had been called on business.

Lumber Inspector W. C. Sutherland of the local I. C., went to Princeton this morning on business.

THE BEAR AND THE BEEHIVES.

Find the Bee's Owner.

A Bear that had found his way into a garden where bees were kept began to turn over the Hives and devour the honey. The bees settled in swarms about his head and stung his eyes and nose so much that, maddened with pain, he tore the skin from his head with his own claws.

Moral—Many and great are the injuries of which some men are guilty towards others for the sake of gratifying some liquorish appetite. There are those who would not stick to bring desolation upon their country, and the hazard of their own necks into the bargain, rather than balk a wicked inclination, either of cruelty, ambition or avarice.

FREIGHT RATES

Will be Changed at Meeting of Railroad Commissioners.

The Long and Short Haul Clause Expected to Be Modified.

The Kentucky railroad commissioners are expected to exempt additional Kentucky towns from the operation of the long and short haul clause in the statute, so that Louisville may compete successfully with other cities at a meeting to be held at Louisville today.

The towns which were exempted from the operations of the law were the common points of Louisville, New port, Frankfort, Paris, Richmond, Shelby City, Owensboro, Covington, Midway, Maysville, Guthrie, Henderson, Latonia, Williamsburg, Lexington, Winchester, Junction City, Hopkinsville and Bowling Green.

Under the operations of the law at present it is claimed that Cincinnati, St. Louis, Cairo, Evansville, Nashville and Knoxville have an advantage over Louisville in the way of rates. The states surrounding Kentucky are not governed by laws similar to the long and short haul clause of the Kentucky statute and for that reason the disparity of competitive relations is very pronounced. The rates from Louisville to interior points in Kentucky are higher than from Cincinnati and Evansville to the same points.

TENNESSEE CENTRAL

WILL BE OPERATED TO HOPKINSVILLE BY OCT. 15.

Nashville, Tenn., Sept. 14—President Chapman, of the Tennessee Central, has announced that the bridge over the Cumberland river below Nashville would be completed by October 15 and the road will begin operations at that time from Harrison, Tenn., to Hopkinsville, Ky.

The difference with the government growing out of the road's efforts to build across government land at Lock A, on the Cumberland, has been amicably arranged and the track will be laid at once.

The road from Nashville to Clarksville needs a good deal of ballasting and surfacing up, but it can be operated as it is as soon as the bridge is ready.

CAIRO SERIES

EIGHT GAMES WILL CERTAINLY BE PLAYED.

The management of the Paducah baseball association announces that the series of eight games between the Paducah and Cairo clubs for the championship of the K. I. T. league will certainly take place beginning here next Thursday. The first four games will be played here and the following four at Cairo, and a handsome loving cup will be given to the club winning the most games.

POISONING CASE

Mrs. Cox and the Elder Bertram Held.

The Younger Bertram Was Released—Evidence Was Very Weak.

The Cox-Bertram murder case was concluded at Benton Saturday afternoon late and the two principal defendants, Mrs. William Cox and W. R. Bertram, the senior, held over while the son, Jordan Bertram, was dismissed.

Mrs. Cox and the senior Bertram are supposed to be in love with each other and on account of the existence of Wm. Cox, the supposed murdered man could not well marry. Cox was taken suddenly ill. The two Bertrams and Mrs. Cox were arrested for poisoning him. An analysis was made of Cox's stomach and no traces of any poisoning could be found. The evidence in the preliminary hearing was not strong, it is said, but the defendants were held over and on the Fourth Monday will be investigated by the grand jury which convenes that day. It is the general opinion that the two will be dismissed by that body on insufficient grounds.

KENTUCKY DISTILLERS

AN IMPORTANT MEETING TO BE HELD IN LOUISVILLE OCT. 10.

The Kentucky Distillers' Association will hold an important meeting in Louisville on October 10 for the purpose of devising means to secure an act of Congress reducing the tax on whiskey from \$1.10 to seventy cents a gallon. If this much reduction cannot be secured the distillers will endeavor to have it placed at ninety cents.

The distillers throughout the state are making preparations to start up next month, and if the corn crop turns out well the production of whiskey in Kentucky will be about 35,000,000 gallons.

RED MEN MEET.

SPECIAL SESSION OF THE COMMITTEES THIS EVENING.

A special meeting of the Red Men's committees will be held this evening to decide on the kinds of parades to have during the carnival, and to consider other important matters which may come up. It has already been decided to have a flower parade and there will also be a burlesque circus parade under the direction of Mr. J. J. Freunlich. It is probable the latter will be one of the most amusing features of the carnival.

NO SAFE BLOWING

Trigg County Officer Arrives After Turner Boyd.

He Is Only Wanted at Cadiz for Disturbing Public Worship.

Deputy Sheriff Ed S. Sammer, of Cadiz, Ky., arrived in the city this morning to take back Turner Boyd, white, wanted at that place for disturbing public worship by getting drunk and trying to break up a religious meeting.

Boyd was arrested here Saturday night while drunk and in talking to the officers stated that he had been at Cadiz and said something about being wanted there for some crime. The officers thought probably it was for the safe blowing reported there several days ago and telephoned the sheriff who informed the local police that Boyd was wanted for a breach of the peace and to hold him here until a man was sent to bring him back. Summer left at 11:30 for Cadiz with his man. It seems the report about a safe blowing was a fake, as no one seems to know anything about one in Trigg county. The police when they received the message last week, understood the officers to say that a safe had been blown, but the two men mentioned were said to be named Baker and Boyd, of Paducah, and as this is one of them, and he is only wanted for a misdemeanor, the local officers probably misunderstood the Trigg county officers.

A MEAN TRICK

SOMEBODY STEALS A BLIND MAN'S ONLY COMPANION.

If the person who stole the old blind darkey's dog could be found, one of the meanest human beings in existence would be exposed. The old blind man's name is Tom Bainbridge, and he has been a familiar figure on the street corners with his grind organ for some time. Last Monday some one stole his dog. The animal was of unusual intelligence and led him safely through the crowds, the old man holding to a chain attached to the animal's collar. He seemed to possess a warm affection for his master, and was valued highly by the old man. Bainbridge says he has no idea who could have been so mean as to take his only companion and assistant. "I wouldn't have taken a hundred dollars for the dog, poor as I am," he said to a reporter today. The dog was a small black animal of uncertain breed.

GERMAN SYRUP.

We want to impress on our readers that Boschee's German Syrup is positively the only preparation on the market today that does relieve and cure consumption. It contains the specifics, such as pure tar, extracts of gums, etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasms of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At all druggists.

WILL APPEAL.

ERNEST ELMENDORFF NOT WILLING TO ACCEPT VERDICT.

Attorney W. A. Berry, who conducted his case, stated this morning that he would appeal and had two weeks in which to prepare it.

STRUCK A STEP-OFF

Narrow Escape of Dan Miller From Drowning.

He Was With a Party of Friends Seining for Fish.

Dave Miller, an apprentice boy in the employ of the local I. C. pattern department, came near drowning yesterday morning near Twin Lakes while seining in the river for fish with a party of twelve shop employees who had gone out for a day's sport.

Mr. Bob Noble and the shop employees had gone down with a big 100 foot seine to seine for fish and while dragging for the finny tribe, Miller, who is not a swimmer, had taken hold of the net and walked out in the river, stepped off an embankment which he did not feel in time, and went over his head. He still grasped the net and his frantic appeal for help attracted the attention of his companions who went to his assistance and finally brought him safe to shore.

After the excitement of the affair had subsided the seining was continued and over 400 pounds of fish caught. A big fish fry was held and the crowd had a fine day's sport.

Saved

From Death After Four Years

Of Nervous Prostration and Debility.

Dr. Miles' Nervine Cured Me Permanently.

Nervous prostration is the most serious of nervous disorders. It arises from some extra strain, which robs the nerves of strength, vitality and life. The patient speedily loses self control, is subject to frightful headaches, faint spells, melancholia and morbid tendencies. Too weak to drag the thin, wasted body around; unable to get sleep or rest, life seems scarcely worth the living; the mind frequently broods until it becomes unbalanced and insanity often results. Read what Dr. Miles' Nervine did for Mrs. Grabbitz:

"I was terribly afflicted with nervous trouble for nearly four years. I was so bad at times that I could not help myself, nor carry a chair across the room without giving out. One physician attended me for a year and a half without giving me any help whatever and I also doctored with two others without any good results. My father and others wished me to try Dr. Miles' Nervine which, after lots of coaxing I did. I took six bottles of the Nervine and some of the Nerve and Liver Pills. I was completely cured of my trouble and I heartily recommend it to any woman who is suffering from a nervous disorder. I have used Dr. Miles' Anti-Pain Pills for headache and neuralgia with best results. I believe firmly in the efficacy of the Nerve and Liver Pills and am fully convinced that Dr. Miles' Remedies saved my life."—MRS. HATTIE GRABBITZ, Roanoke, Va. OUR SEWERAGE SYSTEM.

A report was made Friday night to the aldermen that the Paducah sewerage system is in very bad condition. The sewerage system is one of the samples of what the notorious Republican council did a few years ago. It has always been inadequate, and some day will have to be reconstructed at great and needless cost to the city.—News-Democrat.

The above may be consistent with

CONSTITUTIONAL AMENDMENT

To Be Voted On at the November Election.

CHAPTER 50.

An act to provide for an amendment to Section 181 of the Constitution of Kentucky.

"The General Assembly may, by general laws only, authorize CITIES OR TOWNS OF ANY CLASS to provide for taxation for municipal purposes, on personal property, tangible and intangible, based on income, licenses or franchises, in lieu of an ad valorem tax thereon;

"Provided, cities of the first class shall not be authorized to omit the imposition of an ad valorem tax on such property of any steam railroad, street railway, bridge, gas, water heating, or telegraph.

our contemporary's idea of fairness and truth, but it will hardly have the effect of deceiving any one, especially the hundreds of people in Paducah who know there is not a vestige of truth in it. In the first place no report was made that the sewerage system was in a bad condition. It is not. It was ordered that it be properly cleaned so it will not get in a bad condition. It is true that the sewerage is a sample of what the Republican council did for Paducah, and there would have been more of the samples if the people were wise enough to put the same men or the same sort of men into office at every election. It is a sample of which the Republican council, and those who placed it in office, will always feel proud. The statement that it has "always been inadequate" is palpably erroneous. The sewerage system is acknowledged by all competent authorities to be the best public improvement we have, and it is to be regretted that more people have not been educated up to an appreciation of its advantages and benefits, and connected their homes with it. The sewerage system has never been cleaned but once or twice since it was built five years ago, and has never occasioned the slightest trouble at any time, not even when the present officials allowed the river to rise and disable the pumping station, which was built for use at just such a time as when they permitted it to become useless.

The sanitary sewerage is all right, and the city will need more of it. It will never have to be reconstructed. It will have to be extended as the population grows to other localities, as the present municipal authorities are preparing to do. If the sewerage were not a first class and a successful piece of work and a benefit to the city the present crowd would certainly never think of extending it.

We should advise our contemporary, in seeking to advance the city's welfare—and its politics—to be more truthful, at least in matters that the whole public knows about. If it had declared the Colossus of Rhodes was a fake or the Goddess of Liberty was beginnings to droop, the public might easily swallow it, because the public doesn't know. But when it says the sanitary sewerage "is inadequate and will have to be reconstructed at great and needless cost" it makes a statement that every intelligent man and woman in the city who knows anything at all about it, knows is a fabrication pure and simple.

PRECEPT AND EXAMPLE.

The Democratic officials at Frankfort, by expelling correspondents of newspapers opposed to them in politics, denying them access to some of the records, and even assaulting one of them, made a great demonstration for truth and accuracy. Their excuse for the indignities heaped upon the correspondents was that the newspaper on which the men were employed misrepresented facts and records and the officials thus went on record, as opposed to any kind of misrepresentation.

Yet Governor Beckham in his opening speech several days ago, referred to Colonel Morris K. Belknap, the Republican nominee for governor, in a way to reflect on his honesty. By innuendo he intimated that misrepresentation was made by Colonel Belknap in shipping a car load of goods to Texas in order to save freight rates, and it was plain he intended to convey the impression that Colonel Belknap legally and morally was responsible for it, thus to insinuate that he was unworthy of public confidence.

Colonel Belknap in his speech Saturday made a brief but dignified reply to the insinuation. It appears there was a car load of goods shipped irregularly, but the company that shipped it was one in which Colonel Belknap was only a stockholder and not a salaried officer, and the management of which he in no way controlled or was responsible for. In fact, Colonel Belknap was at the time serving his country in the Spanish-American war, in Porto Rico, and knew nothing about it. Even if he were legally responsible for the acts of employees of the company, no sensible man believes he was morally so, although the Democrats have made an effort to make him appear so. Immediately after the governor's allusion to the incident some of the Democratic papers took up the cue and published columns of alleged facts in connection with it, showing clearly the governor's object of bringing it into the campaign.

It is therefore plain that the Democratic officials are insincere in their demands for accuracy in the campaign for they have no regard themselves for it. Governor Beckham, who was one of the prime movers in ejecting newspaper men from the state house, and in withholding records from them because it was alleged they misrepresented the facts, himself did his opponent a great injustice which could have been easily obviated by investigation. He knew, or could have ascertained, the date the alleged offense he alluded to in his speech was committed, and also that Colonel Belknap was at the time in Porto Rico, but he probably did not want to learn it. But even if he could not have learned it then, he knows it now. If Governor Beckham can misrepresent his political opponents, his political opponents certainly do not deserve to be expelled from public buildings for misrepresenting him. If he believes in practicing what he preaches he should now make a public apology to Colonel Belknap, who is a gentleman and a soldier. Will he do it?

GOEBELISM EXPOSED.

The Caleb Powers case and the recent outrageous verdict of death on the gallows is attracting widespread attention throughout the country, and the eyes of many able writers who had been led to hold erroneous opinions of the Goebel cases have been opened by this last move of the political murderers of Kentucky's Democracy.

The Galesburg, Ill., Republican Register in recounting the facts in the last Powers trial says of it:

"Russia has not afforded anything in the way of a trial worse than the foregoing in the way of discrimination. The case is yet to be reviewed by the supreme court and there may be a hearing ordered."

Other papers are still more severe in their arraignment of the Goebel cases.

Even some of the Democratic papers are becoming surprisingly frank since they think they have a cinch on the ignominious death of Caleb Powers. The Paris, Ky., Gazette, published at the county seat of the county from which came the last Powers' jury, and a paper supporting the Beckham ticket, says of the members of the jury that imposed the death sentence on Powers:

"It was a Bourbon jury that convicted Powers at Georgetown a few days since. Each member is personally known to the editor of the Gazette. Most of them are honorable, upright gentlemen. But few of them have capacity sufficient to detect the perjured evidence and separate it from the true."

It is now rumored that Powers' case may be taken to the federal court, it being alleged that there are at least five reasons why this court may consider the case. If plausible grounds are found, a precedent will be established which will be watched with great interest by the legal fraternity throughout the entire country.

Colonel Belknap said in his speech Saturday of the trials:

"The trials that have been so far conducted with partisan juries and perjured testimony leave justice unsatisfied. No such travesties can fool the mass of the intelligent people, and once again they demand the facts, which they have reason to believe are being concealed for political purposes and which are vital to the truth in this case, be divulged."

This reflects the universal sentiment of the best people in Kentucky in these Goebel cases.

The city could make no better investment of its public improvement money than by building the fill proposed by Alderman Troutman at the recent board of aldermen's meeting, from Broad street towards the Illinois Central depot. This would enable the street car company to build a line from the extreme South side to the depot, and thus complete a belt line, giving the people of that section quick street car facilities to the northwestern part of the city. At present they must take a Third street car, transfer at Broadway or walk to Fourth and pay another fare to get to the depot. The street car company would doubtless appreciate the advantages of such a line and build it, if the city would construct the fill, as it did on Caldwell street to enable the cars to reach the depot from the business part of town.

Is Mayor Yeiser, who vetoed the sanitary sewerage ordinance when it was passed by the Republican council, now trying to justify himself by inspiring newspaper articles at this late day declaring the system a failure? What other reason is there for the only paper in the city that is supporting him, prevaricating about it?

safe to predict Paducah will have one of the strongest teams going then, which is consolation should we happen this season to wind up on the bottom.

NOTHING DOING

Ballot Muddle Has Struck a Snag.

Will Take it Before Grand Jury When He Gets Enough Proof.

Attorney L. K. Taylor this morning stated that he was still investigating the fraudulent ballot matter but was not yet ready to take any definite action.

"I am working the matter up to a definite conclusion," he explained, "and will not go before the grand jury with the case until I have thoroughly probed the matter to the bottom and secured all proof I want. Then I will go before the grand jury but will not appear at present unless I am sent for." There will probably be no official investigation by Justice Young this week unless something develops, Attorney Taylor stating that he was not quite ready to take the matter up again.

HOT AGAIN.

IT IS PROBABLY THE LAST STUNT OF OLD SOL.

Yesterday was quite hot, the temperature going to 92. The heat was felt, too, and much complaint is heard of it. The temperature has had its effect on the health of the community, also, and there has been much suffering.

To make it more disagreeable, swarms of mosquitos seem to have struck the city, and have invaded many homes. A man from the East was walking along Broadway this morning with his hat in his hand, mopping the perspiration off his brow. "This is the worst I have felt in fifteen years," he declared. "Does it ever get any hotter than this?"

He was told that it was only 92 yesterday and that two years ago the temperature went to 114 in the shade. He said he was glad he put his visit off two years.

A FEW HURT

Well Known People Injured in Runaway.

Youthful Highwayman Has An Arm Hurt in the Jail Door.

Attorney Oscar Kahn and Mrs. Luin Singleton were in an exciting accident Saturday night about 6 o'clock which came near seriously injuring them, if not costing them their lives. They were driving on Washington street between Fifth and Sixth when a runaway team attached to a gravel wagon dashed into them, demolishing them and throwing both out. Mrs. Singleton was picked up unconscious and taken into Mrs. A. M. Laevison's residence nearby, and Mr. Kahn into Mr. Eli G. Boone's home, where both soon revived under medical attention, and it was learned that they were not seriously hurt. Mrs. Singleton's upper jawbone was fractured and she was painfully cut and bruised and Mr. Kahn had a painful gash cut in his face.

Mr. and Mrs. E. Fels and little granddaughter, and Miss Cornelia Johnson were overturned in a surrey in which they were riding about 8 o'clock Saturday night on Eleventh street north of Jackson. Mr. Fels, it seems, thought he was at Tenth street and turned into Eleventh from Jackson, going towards Broadway. Eleventh runs into a hollow there and soon he discovered his mistake and attempted to turn around on the brink of the hollow, but the horse became frightened and gave a lunge which turned the surrey over and threw them down a steep declivity. Mr. Fels was painfully bruised and cut and Miss Johnson had a leg broken. The other two escaped. The horse broke from the harness after the accident and ran away, not stopping until it reached Tully's livery stable at Third and Court.

Bert Roberts, one of the small boys in the county jail on a charge of highway robbery, injured his arm yesterday by getting it caught in the bars of the jail door. It was at first thought it was broken, but it was found to be only bruised. Dr. J. W. Pendley attended him.

John, the ten-year-old son of Mr. W. R. Davis, dislocated his right shoulder while playing with some companions Sunday afternoon at his father's home on South Fourth street. Dr. J. W. Pendley attended him.

DISAGREEABLE REFLECTIONS

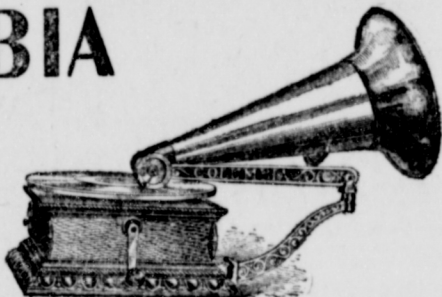

The mirror never flatters; it tells the truth, no matter how much it may hurt the pride or how humiliating and disagreeable the reflections. A red, rough skin is fatal to beauty, and blackheads, blotches and pimples are ruinous to the complexion, and no wonder such desperate efforts are made to hide these blemishes, and cover over the defects, and some never stop to consider the danger in skin foods, face lotions, soaps, salves and powders, but apply them vigorously and often without regard to consequences, and many complexions are ruined by the chemicals and poisons contained in these cosmetics.

Skin diseases are due to internal causes, to humors and poisons in the blood, and to attempt a cure by external treatment is an endless, hopeless task. Some simple wash or ointment is often beneficial when the skin is much inflamed or itches, but you can't depend upon local remedies for permanent relief, for the blood is continually throwing off impurities which irritate and clog the glands and pores of the skin, and as long as the blood remains unhealthy, just so long will the eruptions last. To effectually and permanently cure skin troubles the blood must be purified and the system thoroughly cleansed and built up, and S. S. S., the well known blood purifier and tonic, is acknowledged superior to all other remedies for this purpose. It is the only guaranteed strictly vegetable blood remedy. It never deranges the system or impairs the digestion like Potash and Arsenic and drugs of this character, but aids in the digestion and assimilation of food and improves the appetite. Being a blood purifier and tonic combined, the humors and poisons are counteracted and the blood made rich and pure, and at the same time the general health and system is rapidly built up and good health is established, and this, after all, is the secret of a smooth, soft skin and beautiful complexion.

If you have any skin trouble send for our free book, "The Skin and Its Diseases." No charge for medical advice. Write us about your case.

Theatrical Notes.

Kate Emmet, who is to play at The Kentucky here September 23, is one of the only two actresses ever made a member of the Newsboy's union. Seven years ago while playing "The Waifs of New York" she touched the hearts of the newsboys of Seattle, Wash., and was made an honorary member of the union. Last winter the same honor was conferred on Miss May Stockton as "Bob" in a "A Little Outcast." Miss Stockton became well known to Paducahans as a member of the English Stock company last season. These are the only two female members of the union in the United States.

Ever since Jack Root was counted out by Referee McBride in his memorable fight with George Gardner at Fort Erie, July 4, his friends and other disinterested persons have maintained that McBride did not allow the Chicago man the usual ten seconds of the count. McBride claims he did. One night a short time ago, several sporting men sat watching the pictures, and one of them decided to put a stop watch upon McBride's count. In the first knockdown, when Root took what was supposed to be a count of nine, the watch showed he had been down but six and two-fifths seconds. Of course the most important knockdown was the last one, and with the eyes of the watch holder upon the screen and those of the other sports on the watch, the final knockdown was timed, and when the watch was stopped as the referee waved his hand at Root declaring him out, the time piece showed that instead of being allowed ten seconds as a count, the Chicago man was allowed but eight and four-fifths seconds, which again shows that Root got the worst end of the deal. The pictures show everything that occurred at the ringside, and are much better than those of any other fight that was ever photographed. At The Kentucky tonight.

SOLDIER'S CLEVER VERSES

RELATIVE OF PADUCAH LADY TURNS POET IN FAR EAST.

The following clever verses were written by Emerson Robert Mackey, the eighteen year old grandson of Mrs. Mary Rabb, of this city. This young man enlisted in the navy when fifteen years old, and later joined the regular army with his two brothers. Mr. Mackey's home is in Cincinnati:

"WHAT DID THE PRIVATES DO?"
The papers teem with daring deeds,
Of Teddy, Hob. and Schley,
Bands turn out and cannons roar,
And yet I heave a sigh.
The men who wore the shoulder straps
Were honest, brave and true,
But still I wonder as I read,
What did the privates do?
Who were the men behind the guns,
When foes were hovering round,
Who dug the graves of comrades dear,
Whose tears bedewed the ground?
Who sent the dying message home,
To friends they never knew,
If officers did all of this,
What did the privates do?
Who were the men to take the place,
Of comrades slain in strife?
Who were the men to risk their all
To save a comrade's life?
Who was it starved on rations short,
And bread too hard to chew,
If officers did all of this,
What did the privates do?
Who lay in trenches all the night,
Full eager for the fray?
Who marched beneath a scorching sun,
Through many a deadly day?
Who never whimpered, never shrank,
When raging typhoons blew?
The officers get all the praise,
What did the privates do?

All honor to the gallant boys,
Who rallied to the call,
Without regard to name or rank,
We love them one and all.
And yet I wonder as I read,
Can all these things be true,
If officers did all the work,
What did the privates do?

OUTING SPOTS IN THE NORTHWEST

There are many places in the country of the Northern Pacific, some inexpensive, others better and more expensive, where one can spend the summer days pleasantly and healthfully. Among these are Walker in the Leech lake country, and Detroit and Battle Lake in the Lake Park region in Minnesota; Eaton's ranch, near Medora, N. D.; Hunter's Hot Springs in the Yellowstone valley, and Missoula and the Bitter-root valley in Montana; Lakes Pend d'Oreille and Cour d'Alene, Idaho; North Yakima in Eastern Washington, and Green River Hot Springs in the Cascades; Tacoma, Seattle, Port Townsend, Port Angeles and Victoria on Puget Sound, and many places along the Columbia river and on the Pacific Ocean from Portland as a center.

Those east of the Mississippi who wish a decided change should go to the Rockies or the Puget Sound and Columbia river and sea coast country. We can only hint at these things here, but write us giving particulars as near as you can, and we will try to give you the needed information to enable you to find what you want. And don't forget that Yellowstone Park is the chief of all tourist shrines.

ALICE of OLD VINCENTES

By MAURICE THOMPSON

Copyright, 1900, by the BOWEN-MERRILL COMPANY

"I come," said he, "directly from Colonel George Rogers Clark, a noble and brave officer of the American army, who told me the news that I have brought to you. He sent me here to say to you that if you will give allegiance to his government you shall be protected against all enemies and have the full freedom of citizens. I think you should do this without a moment's hesitation, as I and my people at Kaskaskia have already done. But perhaps you would like to have a word from your distinguished fellow citizen, M. Gaspard Roussillon. Speak to your friends, my son; they will be glad to take counsel of your wisdom."

There were a stir and a craning of necks. M. Roussillon presently appeared near the chancel, his great form towering majestically. He bowed and waved his hand with the air of one who accepts distinction as a matter of course; then he took his big silver watch and looked at it. He was the only man in Vincennes who owned a watch, and so the incident was impressive. Father Gibault looked pleased, and already a murmur of applause went through the audience. M. Roussillon stroked the bulging crystal of the timepiece with a circular motion of his thumb and bowed again, clearing his throat resonantly, his face growing purplish above his beard.

"Good friends," he said, "what France does all high class Frenchmen applaud." He paused for a short of approbation and was not disappointed. "The other name for France is glory," he added, "and all true Frenchmen love both names. I am a true Frenchman!" and he struck his breast a resounding blow with the hand that still held the watch. A huge horn button on his buckskin jerkin came in contact with the crystal and there was a smash, followed by a scattered tinkling of glass fragments.

All Vincennes stood breathless, contemplating the irreparable accident. M. Roussillon had lost the effect of a great period in his speech, but he was quick. Lifting the watch to his ear he listened a moment with superb dignity, then slowly elevating his head and spreading his free hand over his heart he said: "The faithful timepiece still tells of the seconds, and the loyal heart of its owner still throbs with patriotism."

Oncle Jazon, who stood in front of the speaker, swung his shapeless cap as high as he could and yelled like a savage. Then the crowd went wild for a time.

"Vive la France! A bas l'Angleterre!" Everybody shouted at the top of his voice.

"What France does we all do," continued M. Roussillon, when the noise subsided. "France has clasped hands with George Washington and his brave compatriots. So do we."

"Vive Zhorzh Vashington!" shrieked Oncle Jazon in a piercing treble, tipping and shaking his cap recklessly under M. Roussillon's nose.

The orator winced and jerked his head back, but nobody saw it, save perhaps Father Gibault, who laughed heartily. In conclusion M. Roussillon said:

"Frenchmen, America is the garden spot of the world and will one day rule it, as did Rome of old. Where freedom makes her home, there is the center of power."

When M. Roussillon ceased speaking the audience again exhausted its vocal resources, and then Father Gibault called upon each man to come forward and solemnly pledge his loyalty to the American cause. Not one of them hesitated.

Meantime a woman was doing her part in the transformation of Post Vincennes from a French-English picket to a full fledged American fort and town. Mme. Godere, finding out what was about to happen, fell to work making a flag in imitation of that under which George Washington was fighting. Alice chanced to be in the Godere home at the time and joined enthusiastically in the sewing. It was an exciting task. Their fingers trembled while they worked, and the thread, heavily coated with beeswax, squeaked as they drew it through the cloth.

"We shall not be in time," said Mme. Godere. "I know we shall not. Everything hinders me. My thread breaks or gets tangled and my needle's so rusty I can hardly stick it through the cloth. Oh, dear!"

Alice encouraged her with both words and work, and they had almost finished when Rene came with a staff which he had brought from the fort.

"Mon Dieu, but we have had a great meeting!" he cried. He was perspiring with excitement and fast walking. Leaning on the staff, he mopped his face with a blue handkerchief.

"We heard much shouting and noise," said Mme. Godere. "M. Roussillon's voice rose loud above the rest. He roared like a lion."

"Ah, he was speaking to us; he was very eloquent," Rene replied. "But now they are waiting at the fort for the new flag. I have come for it."

"It is ready," said Mme. Godere.

With flying fingers Alice sewed it to the staff.

"Voici!" she cried. "Vive la republique Americaine!" She lifted the staff and let the flag droop over her

from head to foot.

"Give it to me," said Rene, holding forth a hand for it, "and I'll run to the fort with it."

"No," said Alice, her face suddenly lighting up with resolve. "No, I am going to take it myself." And without a moment's delay off she went.

Rene was so caught by surprise that he stood gazing after her until she passed behind a house, where the way turned, the shining flag rippling around her and her moccasins twinkling as she ran.

At the blockhouse, awaiting the moment when the symbol of freedom should rise like a star over old Vincennes, the crowd had picturesquely broken into scattered groups. Alice entered through a rent in the stockade, as that happened to be a shorter route than through the gate, and appeared suddenly almost in their midst.

It was a happy surprise, a pretty and catching spectacular apparition of a sort to be thoroughly appreciated by the lively French fancy of the audience. The men caught the girl's spirit, or it caught them, and they made haste to be noisy.

"Vive! Vive! Vive Alice et la banniere de Zhorzh Vashington!" ("Look, look! Little Alice and George Wash-

"Good friends," he said.

ington's flag!" shouted Oncle Jazon. He put his wiry little legs through a sort of pas de zephyr and winked at himself with concentrated approval.

All the men danced around and yelled till they were hoarse.

By this time Rene had reached Alice's side, but she did not see him. She ran into the blockhouse and climbed up a rude ladder way. Then she appeared on the roof, still accompanied by Rene, and planted the staff in a crack of the slabs, where it stood bravely up, the colors floating free. She turned about to descend and for the first time saw that Rene had followed her. His face was beaming.

"What a girl you are!" he exclaimed in a tone of exultant admiration. "Never was there another like you!"

Alice walked quickly past him without speaking, for down in the space where some women were huddled aside from the crowd, looking on, she had seen little Adrienne Bourcier. She made haste to descend. Now that her impulsively chosen enterprise was completed her boldness deserted her, and she slipped out through a dilapidated postern opposite the crowd. On her right was the river, while southward before her lay a great flat plain, beyond which rose some hillocks covered with forest. The sun blazed between masses of slowly drifting clouds that trailed creeping fantastic shadows across the marshy waste.

Alice walked along under cover of the slight land swell, which then, more plainly marked than it is now, formed the contour line of hummock upon which the fort and village stood. A watery swale grown full of tall aquatic weeds meandered parallel with the bluff, so to call it, and there was a soft, melancholy whispering of wind among the long blades and stems. She passed the church and Father Beret's hut and continued for some distance in the direction of that pretty knoll upon which the cemetery is at present so tastefully kept. She felt shy now, as if to run away and hide would be a great relief. Indeed, so relaxed were her nerves that a slight movement in the grass and cattail flags near by startled her painfully, making her jump like a fawn.

"Little friend not be afraid," said a guttural voice in broken French. "Little friend not make noise."

At a glance she recognized Long Hair, the Indian, rising out of the matted marsh growth. It was a hideous vision of embodied cunning, soullessness and murderous cruelty.

"Not tell white man you see me?" he grunted interrogatively, stepping close to her. He looked so wicked that she recoiled and lifted her hands defensively.

She trembled from head to foot, and her voice failed her, but she made a negative sign and smiled at him, turning as white as her tanned face could become.

French Lick and West Baden Springs

In the highlands of Indiana—a two hour ride from Louisville there flow wonderful healing waters, that you'd spend hundreds of dollars to enjoy if they were in Europe.

A recent visitor from Philadelphia, who formerly went to Carlsbad every year, said: "I do not see why anyone goes to Europe for medicinal waters. The water is as beneficial, and the scenery and surrounding country, the air and the opportunities for recreation are better; the hotels and all accommodations are much finer at French Lick-West Baden Springs"—and this gentleman is a native of Switzerland.

The splendidly wooded hills with the cool, invigorating air of these highlands where one can enjoy rambles in the depths of the forest, or rides and drives among the numerous bridle paths and roadways, afford pleasure for those who desire rest and quiet; while at the splendid and casinos one can have all the entertainment and pleasures possible at the most fashionable resorts.

ELEVEN MONTHS.

HAS THIS MAN BEEN IN JAIL READY FOR TRIAL.

Sid Aubrey, who is charged with having broken into the wharf boat, was brought before Judge James Campbell this morning for trial but a continuance ordered because the commonwealth witnesses when called did not respond. He seems to be a badly treated man.

Aubrey demanded that he have a trial and stated that he was tired of lying in jail waiting the pleasure of the commonwealth or who ever was responsible for the absence of the witnesses, and thought he deserved a trial from the fact that he had been in jail eleven months ready for trial and the lowest penalty for his alleged offense is one year.

Judge Campbell set aside the order of continuance and urged the commonwealth attorney and county attorney to get their witnesses, if possible, this term so that Aubrey suffer no more. Aubrey claims he can prove he is innocent and wants a trial immediately.

It seems that the commonwealth only made one return on a summons for witnesses, this being for F. M. Bondurant, who is now residing in New Orleans, and cannot be secured.
